TRICARE Europe takes three of five TRICARE Web Awards

TRICARE Management Activity, headquarters for the worldwide TRICARE program, recently awarded TRICARE Europe three of five annual web awards for 2002. The “Best of TRICARE on the Web” awards recognize the top websites of TRICARE’s fifteen regions around the globe.

TRICARE Europe was awarded “Best of” honors for Most Innovative, Most Informative, and Most Customer Focused website.

“We’re proud of this recognition,” said Capt. Derek Eckley, Chief Information Officer at TRICARE Europe, “These awards affirm that we are making great strides every day to better meet the needs of our customers.”

TRICARE Europe’s website is located at www.europe.tricare.osd.mil. The site serves two primary audiences: TRICARE beneficiaries and Military Treatment Facility/military healthcare management staffs around Europe.

In this time of increased deployments and movements of both military and Active Duty family members, TRICARE Europe’s website is an excellent source for up-to-date information to help users get the information they need when they need it, Eckley said.
